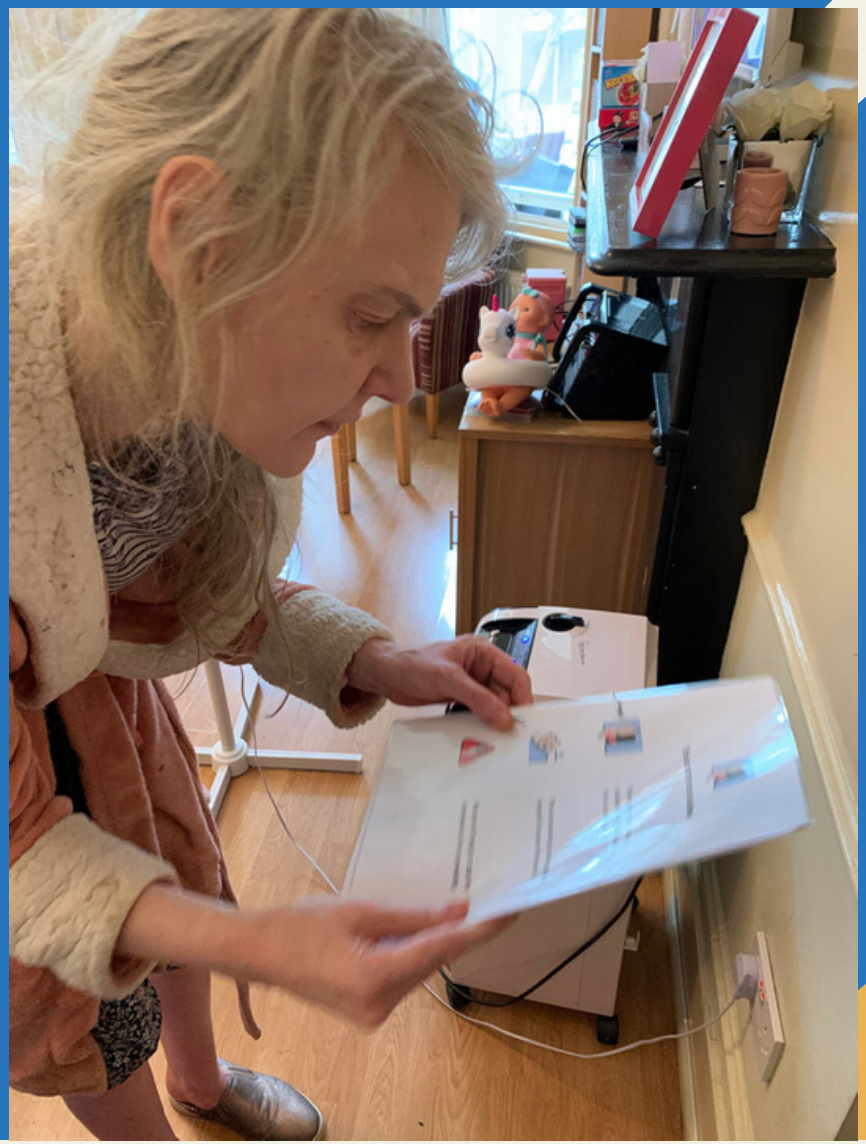
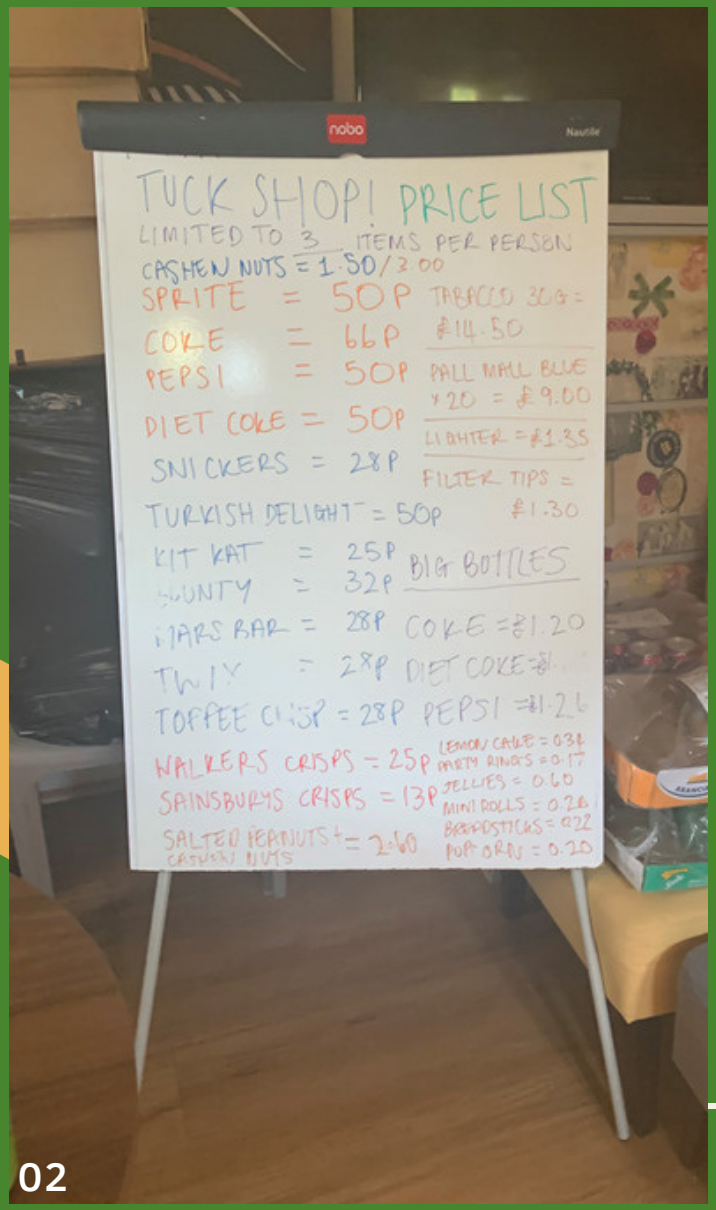
As Covid-19 cases continued to rise, we began to lockdown at Glenholme Finchley

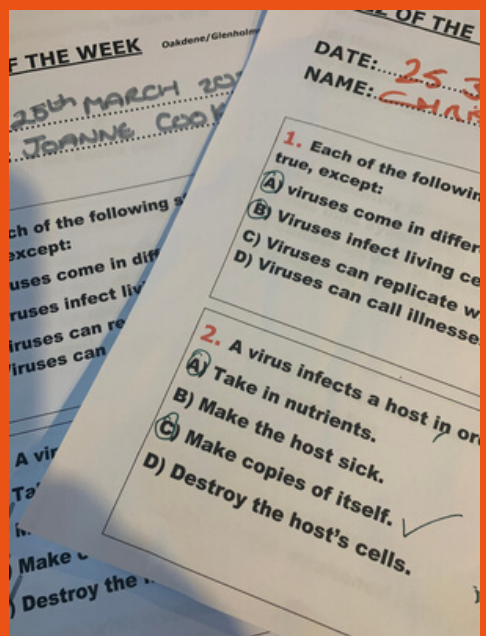
We explained about the virus and how life would change for a while





We put in some measures to help us have some routine

And we learnt about the virus and how to protect ourselves in more detail



We still did some of our everyday activities, but with some extra precautions

We enjoyed arts and crafts

Played games...

Watched movies...

Sang songs...

Exercised...

But most importantly, we all came together and kept our spirits high

Our wonderful staff made the most of our days during this confusing time

And we thank all the residents and staff for their resilience throughout!
