Holdingham Grange, Sleaford

# Glenholme

Holdingham Grange is a 64 bed residential and nursing home with the potential to offer respite and day care on the outskirts of Sleaford. It is arranged over two floors. In addition to spacious lounges and en-suite rooms, it has a library, cinema room, café and hairdressers.

Set in generous grounds, the home offers residents the opportunity to spend time outside in landscaped gardens and an internal courtyard.

At Glenholme our mission is to provide the best support and care to each and everyone we work with. For us this means providing bespoke care which recognises the needs of the individual and how those needs vary over time.

At Holdingham Grange, we provide both nursing and residential care as well as respite and day care including care for those with dementia.

*“the staff are kind,  
very efficient and  
caring. The facilities  
and catering are  
second to none.  
I would highly  
recommend.”*

**Carole P**

## Our care

Residential care is suitable for those who require support with the activities of daily living. Many also relish the opportunity to no longer live alone or take responsibility for running their own home. Residents enjoy opportunities to socialise and take part in a range of activities.

Support is available 24/7 from highly trained healthcare workers who are managed by the Home manager and their deputy. Holdingham Grange also offers respite and day care.

*“When I first walked in, the home has the “wow factor” in more ways than one...”*

**Belinda J**

## Staying active and maintaining independence

We believe it is absolutely crucial that all our residents are able to enjoy as active a life as possible. For this reason our homes are designed with activity at their heart.

Residents are able to spend time in a variety of lounges, libraries, bistros, dining rooms and cinema rooms and in addition have the use of our spacious gardens and sun decks.

For those whose needs cannot be met in a residential setting, Holdingham Grange also provides nursing care.

Glenholme nursing staff are available 24 hours a day seven days a week. They are supported by teams of highly skilled healthcare workers.

# Glenholme

Our daily activities programme offers a full range of exciting opportunities both in and out of the Home. In addition we recognise how important it is that those who are able and, who wish to do so, retain as much independence as possible.

To facilitate this we can provide opportunities for residents to do their own cooking in one of our bistro kitchens or gardening in our extensive gardens.

*“I bless the day that  
I found Holdingham  
Grange.”*

**Susan H,  
daughter of resident**

## Eating to 'live well'

At Holdingham Grange, we believe meal times are a really important part of the day. Residents are encouraged to eat together in one of our dining-rooms, although they can eat in their own room if they prefer.

Morning coffee and afternoon tea are available in our bistros. In addition, those who would like to do some of their own cooking can use the bistros to do so.

*"I have experienced many care homes for respite for my Dad but Holdingham Grange is by far the best."*

**Gary J**

# Glenholme

*“My father has only been here for a short time...myself and my family have noticed the change... he is extremely happy more responsive...we are so grateful with the change in him.”*

**Lyne S**
