PAYING RESPECTS TO QUEEN ELIZABETH II

"The Queen, during her 70-year reign, embodied the values of service, duty and dedication to the people of the United Kingdom. She was a beacon of stability and consistency in a changing world and an example for everyone to follow. She will be sorely missed, but her legacy will go on forever."

- Kent Phippen, Group CEO & Managing Director

LENGTH OF SERVICE

Sultana Hussien & Don Serratt CEO Specialist Care

Our length of service badge recognise our colleagues company-wide, and thank them for all of their hardwork and dedication over the years. The length of service badges are for one, three, five, and ten years of service; a small token of appreciation for the holders' many years service.

GLENHOLME GEM

Congratulations to Toni Shaw from Bispham Gardens on winning the GEM award. Toni really stepped up as interim manager earlier this year after the previous manager; Fiona left, and we would like to thank her for all her hard work.

GLENHOLME CARE AWARDS 2022

Glenholme held its **2nd Annual Care Awards** where we had the opportunity to celebrate the excellent work of all our colleagues across the organisation.

What made the event that much more special, is that the winners were chosen by, the people we support and their friends and family. We were pleased to share that over 300 nominations were submitted during the selection process for the winners.

The judging process was carried out by a delightful series of panels made up of service users, family members, managers, and members of the senior management team. The panels found this process very difficult to choose between such impressive individuals.

All of our winners received a £250 cash prize each while our runners-up received £100 each.

Big congratulations to our finalists and thank you to everyone who participated in the judging process and to those that showed their support. All there were a total of 15 awards given and we'd like to congratulate all our wonderful winners and runners up!

WHAT DOES CARE MEAN TO YOU?

"Empowering others that don't necessarily have a voice, and we become their voice". - Hannah

WHAT DOES CARE MEAN TO ME?

"Absolutely everything, it's been part of my life for the past 33 days. My philosophy is *the people we support in our services, I'd want to support them as we would a family member*". - Jaine Hale

SUCCESS STORY

At Glenholme, we love a good success story. On 29th September, Sarah and Dane from Holdingham House and Lodge successfully completed the Safeguarding Ambassadors course by LINCA, a unique course provided in Lincolnshire. We would like to congratulate both of them on their achievement and we are delighted to have them both promoting Safeguarding in the service.

HALLOWEEN

This year, some of our houses got into the halloween spirit with themed parties and lunches, redecorating and many more fun activities. At The Marlowes, a fierce costume party competition was in play and saw both staff and residents taking part in the fun. Over at Vera James, they got stuck in with some messy pumpkin carving, and lets just say it wasn't as easy as it looks but the hardwork paid off and they came out victorious. The house looked amazing thanks to the art club members (Beryl, John, Joyce and Peggy) whose creative skills helped decorate the lounge and dining area. To top it all off the residents were regaled with scary stories by the other residents.
